

ARIZONA STATE SENATE
Fifty-Second Legislature, Second Regular Session

FACT SHEET FOR S.B. 1017

municipal service access cards; requirements

Purpose

Enables a city or town to issue municipal service access cards and identification cards.

Background

Nonoperating identification licenses issued by the Motor Vehicle Division of the Arizona Department of Transportation (MVD) pursuant to A.R.S. § 28-3165 must satisfactorily prove name, date of birth, sex, address of residence and lawful presence in the United States. Nonoperating identification licenses issued by MVD are used solely for identification purposes.

MVD is prohibited from issuing or renewing a driver license or nonoperating identification license for any person who cannot satisfactorily prove authorized presence in the United States authorized under federal law (A.R.S. § 28-3153). MVD must verify the social security number provided by the applicant is valid and assigned to the applicant pursuant to A.R.S. § 28-3158.

There is no anticipated fiscal impact to the state General Fund associated with this legislation.
